Randsburg's New Railroad.

The Times-Index has the following to say concerning the proposed new railroad:

"Randsburg is to have a railroad at last. The proposed line will not run direct from Los Angeles, nor is it to start from Mojave, but will run from Kramer, on the line of the Atlantic & Pacific in San Bernardino county, passing through Randsburg. Surveying of the 26 miles between Kramer and Randsburg will begin next week, and it is confidently asserted by the projectors of the scheme that this portion of the road will be in active service by July 15. The ties and rails have already been contracted for, and will be ready for delivery by the time the right-of-way has been surveyed. As many men as can be conveniently handled will be put to work immediately, and the project will be pushed with all the speed possible compatible with good work.

The California Northern Railway Company, the name adopted by the projectors, is incorporated under the laws of Arizona, with a capital stock of \$1,500,000, of which it is claimed \$102,000 has already been subscribed. The incorporators of the company are Messrs. M. C. Marsh, James Campbell, F. R. Frost, Chas. Wier, A. A. Dougherty, John T. Jones, Walter Rose, R. T. Hickox and Carl Leonardt of Los Angeles, W. T. Hefferan of Yuma and C. E. Crowley of Phoenix. Mr. Dougherty returned only a few days ago from New York, where he was engaged in placing the proposed securities.

The headquarters of the company will be in Los Angeles.

The county hospital of Maricopa county, at the present rate of expense, will reach \$9000 per annum. It is the duty of the board to care for the deserving poor, but a close watch should be kept on the numerous parasites that prey upon the county year in and year out. There is one very noticeable feature in the indigent expenditures, and that is that very few women apply for aid. They prefer to work and suffer rather than become a burden on the county, while the men, when they have a sore toe, at once apply to the supervisors for aid.—Phoenix Gazette.

Army of Tramps.

The Chicago Record says: Another movement similar to that which General Coxey organized a few years ago, and which is designed to take an army of unemployed men on a long trip across the country, is being quietly organized in this city. Debs and other men prominent in railroad organization are said to be among the prime movers of the scheme. Utah is to be the haven of rest.
